

NONSUCH
HIGH SCHOOL FOR GIRLS

GCE A Level POST RESULTS SERVICES

If your results impact your next steps, or they are significantly below what you were predicted in your final report, there are various post-result services which may be available to you. Information on the different types of post results services, fees and deadlines are on the reverse of this sheet.

Nonsuch High School for Girls is regulated by The Joint Council for Qualifications (JCQ) which states that 'all requests must be supported by the Centre' (JCQ Post-Results Services 4.4.4). NHSG will support all requests from students who meet the following criteria:

- The candidate's overall mark is very close to the next grade boundary (within 25% of the upper boundary) OR
- The candidate's grade is 2 or more grades below their final reported 'most likely outcome'

Each exam board's subject grade boundaries, where available, are printed on the reverse of your result sheet. Grade boundaries are only available for the overall subject grade.

If you meet the above criteria and wish to request a post results service, applications can be made by completing the relevant MS Form(s) via the QR codes or links on the school website

Please note that marks may be lowered as a result of a clerical re-check and/or review of marking and therefore GRADES CAN GO DOWN AS WELL AS UP by requesting these services.

Applications will not be made until full payment has been received. Payments should be made via ParentPay Post Results Shop linked in the forms above or via the school website. *Please note that your student ParentPay account will not work for post results.*

Queries can be emailed to exams@nonsuchschool.org but please note that the Exams Office is not open every day during the school holiday's and priority is given to review of marking forms for Y13 students where a University place depends on a grade change.
